GREEN MOUNTAIN WATER AND SANITATION DISTRICT JEFFERSON COUNTY, COLORADO YEAR 2022 BUDGET MESSAGE

The Green Mountain Park Water and Sanitation District was formed in 1951. The District merged with Northside Water and Sanitation District in 1982 and was renamed Green Mountain Water and Sanitation District. The District maintains a business office at 13919 W. Utah Avenue, Lakewood, Colorado 80228 and a maintenance facility at 291 S Zinnia Way, Lakewood, CO 80228. The business telephone number is 303-985-1581, the facsimile number is 303-985-0680, and the e-mail address is gmwsd@greenmountainwater.org.

The District provides water and sewer service to approximately 9,639 residential customers and 833 commercial accounts and the area serviced is approximately 9.5 square miles. The District is about 98% developed.

The District has a Master Meter Contract with Denver Water Department. Water is purchased by the District wholesale from Denver Water Department and is measured through metering stations at 4th and Independence, and at W Jewell Avenue and W. Yale Avenue.

The District has a Special Connectors Agreement with the Metro Wastewater Reclamation District. The District pays the Metro District annual charges based on flows and strength of flows measured at the Wier Gulch metering station, and the Iliff metering station and the Morrison Road metering stations.

The budget is prepared on an accrual basis of accounting. The budget is prepared by the district manager and submitted to the Board of Directors and is open for public comment any time prior to adoption which is not before the second Tuesday in November. For budgetary purposes, Depreciation is not considered as an expenditure and System Development Fees are considered income.

The District is debt free and does not collect property taxes. The District currently relies on revenue received from water and sewer user fees to fund the District operations.

of	

Denver Federal Center Rates:

All water used shall be billed at the rate	\$6.41/1000 gallons
of	

A-2 SEWER CHARGE:

Charges are based on the usage multiplied by the applicable rate(s) set forth below. Bi-Monthly sewer charges for residential homes are calculated based on the water consumption indicated in the first winter billing of the previous year. This helps to avoid charging customers water used for outside irrigation on their sewer bills. For example: Water consumption for January or February 2021 = 10k gallons. Bi-Monthly sewer rate for $2022 = \$40.90 = (10 \times \$4.09)$. New sewer rates take effect on January 1, 2022.

d. Reimbursable District fees:

Any Applicant requesting Water and/or Sewer Service from the District shall be responsible for the payment of all legal, engineering and administrative fees and costs associated with the Water and/or Sewer Service, including, but not limited to, the design, construction and review process from initiation of the project through completion of the project (Actual Cost).

Prior to incurring substantial Actual Cost, the District may require that the Applicant enter into an agreement concerning payment of Actual Cost, including, but not limited to, provisions for an advance deposit by the Applicant to be used by the District to cover Actual Cost.

If the District requires an advance deposit, the District will set the amount of the deposit, based on the reasonably anticipated Actual Cost. The District shall hold the deposit in a non-interest-bearing escrow account and account for the deposit separately but shall not be required to maintain a separate bank account for the deposit. The deposit shall be retained by the District through the warranty period and applied against the last invoice rendered by the District for Actual Cost and such other costs as may be incurred by the District relating to the project (such as, for example, the cure of unfinished punch list items discovered on the last inspection, testing costs, or payment of maintenance or emergency response costs during the warranty period that are the responsibility of the Applicant).

The District shall have the right and authority to make disbursements from said escrow account at its sole discretion to cover the Actual Cost. Any balance remaining in the escrow account after the expiration of the warranty period shall be returned to the Developer without interest. If the initial deposit is exhausted before expiration of the warranty period, the Developer shall make a supplemental deposit to the escrow account in the amount to be determined by the District, in its reasonable discretion, to cover future costs and expenses resulting from the project. Failure to make such necessary supplemental deposits shall cause the District's work on the project to cease until the required deposits are made. The District's Manager, upon good cause shown to the District Manager's satisfaction,

may reduce the amount of the initial deposit; however, the Applicant shall remain responsible for all Actual Cost related to the project.

If the District does not require an advance deposit, the Applicant will be billed by the District for the Actual Cost. If the Applicant does not timely make payment of such invoice Actual Cost the District may suspend all work on the project until such delinquent Actual Cost are paid in full and may at that time require an advance deposit to continue work on the project.

It is a condition of commencement of service to an Applicant, permitting a new water or sewer Tap to an Applicant, or continued service to an Applicant that any Actual Cost be paid in full.

The District shall have the right to assess any Applicant who is tardy in payment of the Actual Cost all legal, court and other costs necessary to or incidental to the collection of said account.

e. Inspection/Observation fees:

At all times during construction of water and sewer improvements, Green Mountain, its employees or agent/Engineer, has the right, in its discretion and without obligation, to inspect the improvements to ascertain that the materials and workmanship conform to the approved plans, standards and specifications.

The Developer shall reasonably cooperate with and assist Green Mountain in gaining access to the areas designated for inspection. The Developer shall reimburse the Actual Cost incurred by the Green Mountain for such inspection/observation. The applicable hourly rate for Green Mountain personnel shall be as set forth in Appendix A.

If inspection services are provided by Green Mountain's Engineer, the actual costs shall be reimbursed. The Owner/Developer requesting or needing the inspection/observation shall deposit an amount estimated by Green Mountain to cover the fee for such inspection when the request for or notice of the needed inspection is made. Any unused portion of the deposit will be refunded. At least \$1,500.00 shall be kept on deposit at all times until the project is completed. If the deposit account falls below \$1,500.00, the deficit will be invoiced to the responsible party, and the account must be replenished before further inspections will be made. Construction shall not commence on any project requiring plan review or inspection by Green Mountain until deposits have been made.
